## Eta Mu Initiates Tau Class

On October 18, the Eta Mu Chapter initiated their newest class into our Fraternity. The Tau Class consists of 26 new brothers representing a variety of majors. The class is a good mix of first and second years looking to build ZBT throughout their entire college experience.

Class President Tyson Mehrens (Tau) had this to say: "Joining the Eta Mu chapter of ZBT is one of the best decisions I have ever made. It truly made a huge school like Cal Poly feel small as I forged relationships that would last a lifetime. I am completely blown away by the welcoming attitude of everyone in this chapter and they really made me feel right at home. The tight brotherhood that I found here could not possibly be replicated anywhere else."

When asked about his class in general, Mehrens said, "This first quarter in ZBT was filled with many new and exciting experiences that made a huge impact on my college experience so far. At the beginning of the New Member Education Process, I was surrounded by 25 other strangers who would comprise the Tau class. After three months of hard work and dedication, we have forged an inseparable bond and I know that I can rely on these guys to be there for me even in the worst of times. I believe that each and every single one of them is fully dedicated to fraternity life and I know that they will impact the chapter in many positive ways. I am really excited for the future of this fraternity with the addition of the Tau Class into the ranks of the Eta Mu Chapter."

Congratulations to the Tau Class!
